

RESONATE CONSULTING GROUP LTD

“ We bridge the Gaps ”

TANZANIA SKILLS DEVELOPMENT INITIATIVE

The Tanzania Skills Development Initiative (TSDI) is a corporate social multidisciplinary initiative established by Resonate Consulting Group with a view to contribute towards bridging the gap between the skills of students in higher education and graduates and the labor market requirements in Tanzania. The Initiative is in-line with the National Skills Development Strategy 2016-2027 whose aim is to ensure development of a skilled workforce in key economic sectors in the Country.

We contribute towards achieving this objective by providing the following services

- Very affordable and effective hands-on professional training programmes
- Mentorship, carrier advise, Internships and Apprenticeship
- Job connections and entrepreneurial opportunities

Focus Groups

Students: *We guide and support students to help them make informed decisions about their educational or occupational decisions*

Jobseekers: *We provide key skills and opportunity to acquire most in-demand professional qualifications that will eventually foster their employability and entrepreneurship.*

Employees : *We support professionals to foster their development by using grants and advisory services.*

Fields of priority

1. Information and Communications Technology(ICT)
2. Agriculture,Agribusiness and Agro-Processing
3. Accounting and Finance
4. Banking and Insurance
5. Law and taxation
6. Journalism

Since its inception in 2012, over 600 students have gone through the program from various higher learning Institutions in Tanzania. These institutions include, University of Dodoma, University of Dar e salaam, Institute of Finance Management, Tanzania Institute of Accountancy, Dar es salaam Institute of Technology and St Joseph University.
